

Why Choose Us?

If you give **David A. Stires Associates, L.L.C.** the opportunity to do a project for you, we'll get it done in a timely manner. The majority of our work is repeat business or is generated by referral. We are a service oriented company responding to clients' needs promptly with the responsibility of delivering a professional quality product.

David A. Stires Associates, L.L.C.'s mission is to respond to our clients responsibly, promote technical excellence and maintain professional integrity without sacrificing environmental quality. Our engineering and surveying staff will help manage your project from the concept stage through the permitting processes and through to completion.

Our goal is to provide total service; thereby assuring our clients the best possible result. Whether your project is a single family residential lot, a multi lot mixed use subdivision or site plan, **David A. Stires Associates, L.L.C.** will be your greatest source of information and professional advice to support your proposed project.
